## **Details of what is included in our prices...**

We have a 5 mile free delivery radius of BH6. We do deliver to many areas and will charge a pre arranged delivery fee depending on the address of the party.

All prices are inclusive of our Cath Kidston style table coverings, plates, cups, serviettes and serving platters if you are within our 5 mile free delivery area and we return to pick these up. Outside of this we ask you to choose a party picnic box option that can be dropped to your party venue.

If you are outside of our free delivery area and wish to still borrow our equipment with your food order then we can arrange a delivery fee to you and then get you to drop our equipment back to us.

Please note that we base our children's portion sizes on  $\frac{1}{2}$  a round of sandwich per child. This is based on our professional opinion as caterers for children, however, if you feel you would like to increase the portion sizes we can certainly accommodate for this.

We pride ourselves on taking the stress away from you as parents at your child's birthday celebrations... if there is anything we can help with, please don't hesitate to ask.

# **Little Munchkins**

angelically made, devilishly delicious party food!
