

## **Little Munchkin's All Inclusive Cookery Party**

### **The order of the party...**

The children arrive, we introduce ourselves and prepare them for cooking by washing their hands, putting on aprons and chef's hats (provided by ourselves). We then get straight into the cooking; making a fruit loaf (to take home) and creating pizza's for the children to enjoy as part of their birthday lunch or tea. They finish off by decorating their own cupcake too! The children are entirely hands on during the session where all the preparation and cooking is contained at the table with our supervision.

NB. No children enter the kitchen area or have access to the oven.

Whilst we clear down the table and lay up for the birthday celebration, we provide you with a birthday party game for everyone with a cookery related prize for the winner and treats for all! This lasts for approximately 10-15 minutes whilst their pizzas are cooking.

### **Birthday lunch or tea will be served...**

- The Children's Individual Homemade Pizza
- Sticky Honey Sausages
- Fresh Fruit Platter
- Popcorn
- Fruit Juice
- Mini Cupcakes\*

\*The cupcakes are decorated by the children and can be used as the main birthday celebration cake (candles provided). The children place their cakes onto our cupcake stand and we sing 'Happy Birthday' before they eat their cakes! Alternatively, you are welcome to bring along your own celebration cake in addition.

### **Home time...**

- Each child will leave with a party bag consisting of their fruit loaf (to share with their family), mixing bowl, wooden spoon and chef's hat... if you do choose to bring your own birthday cake, we will cut this up for you and pop it into the party bags too.

### **We provide...**

- Party invitations
- Aprons
- All cooking equipment and ingredients
- Serving ware for party food lunch or tea including tablecloths, serviettes and straws
- Party food, juice and cupcakes
